O. Gushee
Dear Mr. Gushee:

Re: Final Approval of Permit Transfers and Amount & Form of Reclamation Sureties,
Ash Grove Cement West, Inc., Leamington Cement Plant & Quarry, Navajo
Sandstone Quarry & Nielson Sandstone Quarry, M/023/004, M/023/010 &
M/023/012, Juab County, Utah

On March 22, 1990, the Board of Oil, Gas and Mining formally approved the permit transfers and the amount and form of replacement reclamation sureties, provided by Ash Grove Cement West, Inc. (AGCW), for the Leamington, Navajo and Nielson mining operations. Two (2) original copies of the reclamation surety for the Leamington mine site have been sent to the Fishlake National Forest for appropriate processing. Once processed, one of the originals will be returned to your office.

As you requested, enclosed with this letter are the extra signed copies of the permit transfers and reclamation sureties for the three (3) mines. Please forward the appropriate copies to AGCW for their files. Ash Grove Cement West has satisfied the Division's requirements for permit transfer and replacement surety. No further information is required of AGCW at this time.

Final Approvals
April 9, 1990

Thank you for your assistance in completing these permitting actions. Please call me or Wayne Hedberg of my staff should you have any questions or need additional information in this regard.

Sincerely,

Lowell P. Braxton
Associate Director, Mining
